Nigel Griffiths

19 August 2016

## Contents

1. Summary

2. Housing Land Supply

Appendix 1 – Site Schedules

Appendix 2 – Past Completions Data

Appendix 3 – Previous Land Supply Data

## 1. Summary

1.1 This is the Powys County Council Land Availability Study (JHLAS) for 2016 which presents the housing land supply for the area at the base date of 1<sup>st</sup> April 2016. It replaces the report for the previous base date of 2015.

1.2 The JHLAS has been prepared in accordance with the requirements of *Planning Policy Wales* (PPW) and Technical Advice Note 1 (TAN 1). Please refer to these documents for details of the requirements for the maintenance of a five-year housing land supply in each local Planning Authority area and the process for undertaking the JHLASs.

<http://gov.wales/topics/planning/planningstats/housing-land-availability-in-wales/?lang=en>

<http://gov.wales/topics/planning/planningstats/housing-land-availability-in-wales/?skip=1&lang=cy>

1.3 Section 2 sets out details of the housing land supply and how it has been calculated. It shows that based on the Table 4 calculation method set out in TAN 1 Powys County Council has **2.2 years** housing land supply.

In regard to the calculation method used, TAN 1 states *in situations where the adopted LDP only covers part of the 5 year study period, the average annual requirement from the LDP should be extrapolated to give an estimate of the land required (See Table 4 in Annex 3 for the formula for the calculation). In such circumstances it should be demonstrated that the adopted plan overlaps the study period by providing the dates of the adoption and expiration of the plan period.*

The Powys Unitary Development Plan (2001 – 2016) adopted March 2010, expired June 2016 and therefore overlaps the study period. It shows that based on the required method set out in TAN 1 Powys County Council has **2.2 years** housing land supply.

### **Involvement**

1.4 The housing land supply has been assessed in consultation with:

- Natural Resources Wales
- Barratt Homes
- Mid Wales Housing
- Hughes Architects
- Dwr Cymru
- Garner Southall
- Berry Brothers
- Home Builders Federation
- Outdoor Recreation PCC
- McCartneys
- Melin Homes

- AB Planning
- Anne Price
- Mike Davies
- Nigel Griffiths

## Report Production

**1.5** Powys County Council issued draft site schedules and site proformas for consultation between 08/07/2016 and 15/07/2016. Comments were provided by the HBF within this period. A Statement of Common Ground (SoCG) was subsequently prepared and following consultation with the Study Group was submitted to the Welsh Government on 24<sup>th</sup> August 2016.

**1.6** All matters were agreed following the consultation and set out in the SoCG.

**1.7** This JHLAS report has been prepared on the basis of the SoCG.

## 2. Housing Land Supply

**2.1** The five year land supply comprises sites with outline or full planning permission, sites with a resolution to grant planning permission subject to the signing of a section 106 agreement and sites allocated for housing in adopted development plans, categorised as prescribed in TAN 1.

**2.2** The land supply has been calculated using the required methodology set out in Table 4 of Annex 3 of TAN 1, based on the Powys Unitary Development Plan (2001 – June 2016) adopted March 2010.

**Table 1** – Identified Housing Land Supply

Housing Land Supply (1 <sup>st</sup> April 2016 – 1 <sup>st</sup> April 2021) – Large Sites						
		5 Year Land Supply (TAN 1 categories)		Beyond 5 Years		
	Proposed homes	1	2	3	4	Homes completed since last study
<b>Total</b>	3523	171	1106	1805	441	237

**2.3** Five year land supply breakdown (i.e. Categories 1 and 2)

<b>Private</b>	1175
<b>Public</b>	102
<b>Total</b>	1277

**2.4 Small Site Supply** – The contribution from small sites of less than 5 dwellings is based on the completions for the last five years

**Table 2 – Small Site Completions for previous 5 years**

<b>2011-2012</b>	<b>2012-2013</b>	<b>2013-2014</b>	<b>2014-2015</b>	<b>2015-2016</b>	<b>Total</b>
83	76	61	54	78	352

**2.5** The overall **total 5 year land supply** (large + small sites) is 1629 (1277+352).

**Table 3 – Five Year Land Supply Calculation**

A	Total Housing Requirement (as set out in the adopted Development Plan)	6135
B	Completions from start of plan period to JHLAS base date (large and small sites)  4008 + 237 + 78 = 4323	4323
C	Residual Requirement (A-B)  6135 – 4323 = 1812	1812
D	5 Year Requirement (C/number of years of plan period remaining x 5)	N/A
E	Annual Need (based on Table 4 calculation)  $\frac{H \times N/P + (H - C)}{5}$ $\frac{6135 \times 4.75/15 + (6135 - 4323)}{5}$ **see note below	750.95
F	Total 5 Year Land Supply (from para. 2.5)  (Cat 1 + Cat 2) + (Small site completions)  (171 + 1106) + (352) = 1629	1629
G	<b>Land Supply in Years (F/E)</b>  <b>1629/750.95 = 2.2</b>	<b>2.2</b>

**Table 4 – Calculating the average annual requirement where the plan period expires part-way through the JHLAS period**

$\text{Average annual requirement} = \frac{H \times N}{P} + (H - C)$ $\frac{6135 \times 4.75}{15} + (6135 - 4323) = 750.95$
<p>Where:</p> <p>H = Total Housing Requirement (as set out in the adopted Development Plan)</p> <p>N = Number of years left in JHLAS period after the plan period expires</p> <p>P = Total number of years in plan period</p> <p>C = Completions from start of plan period to JHLAS base date</p>

## Appendix 2 – Past Completion Data

Number of homes completed on			
Year	Large Sites	Small Sites	Total Completions
2012	15	83	98
2013	147	76	223
2014	123	61	184
2015	93**	54	147
2016	237	78	315

\*\* The figure for Large site completions for 2015 (93) is not consistent with the completions shown in the Site schedule (Appendix 1). This figure is taken from building control completions data. Prior to April 2014 completions data was based on site visits by planning officers and visual site inspections.

## Appendix 3 – Previous Land Supply Data

Year	5 year supply – Number of homes (TAN 1 categories)		Number of years supply	Supply beyond 5 years - Number of homes
